*Patti has been our realtor since the beginning of our marriage fifteen years ago. She has helped us along as we have experienced anything from our very first home purchase, to job transfers, and the growth of our family. She is extremely knowledgeable and experienced and puts her clients' interests before her own. We are truly grateful to have had her on our side during both the buying and selling processes. Given that every situation is different and presents its own set of unique challenges, Patti has always been able to find answers to our various questions. That in itself has been reassuring to us during what can otherwise be a stressful process. Patti's professionalism, dedication, and knowledge are merely a few of the many reasons why she will continue to be our realtor. They are also the reasons why we feel confident in recommending her services to anyone searching for a realtor.*

*We have done business with Patti Altman for over 24 years. She is professional, person, persistent, and assertive (when necessary). She knows the business! Patti never pushes her clients. She gives them the facts, makes suggestions when asked, but she always leaves the final decision to the clients. Patti exceeded our expectations in marketing our home. We honestly have only positive feedback for prospective clients and will gladly talk to anyone who would like to contact us.*

*Patti was the realtor who listed the house we purchased 24 years ago. Over the years, we ofte needed a professional realtor to give us current estimates for tax purposes. Patti never hesitated to give us this assistance. This she did with no guarantee that she would ever benefit financially. It is obvious to us that Patti approaches her work not only as a job but also as a way to help others.*

*As long term clients of Patti Altman, we have been very pleased with her excellent service over the last 25 years. She has helped us sell our old house as well as buy our new house. Over the years, she advised us what was right for us. Most impornatly, when we both sold our old house and bough our new house, she did all the worrying instead of us. In fact, it was her attention to details that kept us from worrying. Everything was taken care of.*

*She also has provided the excellent service for our children three times with varying job*

*changes. She is an excellent resource person for any and all home repairs. She goes above and beyond the call of duty. We strongly recommend her to all our friends and relatives. Consider yourself lucky if you are able to obtain her services.*

*Arturo and I would like to send a very LATE thank you for all that you did for us. The sale of our home and the purchase of our new residence would have been almost too much for us to handle if it had not been for you. You have such a wonderful background in your profession and so very comfortable with what you do. We certainly benefited from your knowledge, patience, and kindness. Many nights you patiently took our phone calls and gave us your undivided attention. We thank you from the bottom of our hearts.*

*We look forward to recommending you to friends and family.*
